## Stompers and Choppers Summer Program

The dinosaurs finally settled in at KidzStuff, and we're so excited to be a part of their world. This month, our Paleontologist will continue studying the life cycle of dinosaurs, their body types, what they like to eat and their habitats. We will experiment with fossils, while exploring fine arts in nature.

This month we will learn about Herbivore Dinosaurs, these are our plant-based diet dinosaurs. Let's see how many vegetables we can get our friends to try as they learn about Herbivores.

For this month's investigation, we are asking for the following donations:

- Newspaper

Encourage your child/ren to share what he/she has learned by asking questions like:

- What dinosaur did you learn about today?
- What is your favorite dinosaur and why?
- What do dinosaurs eat?
