June Recap!

Congratulations are in order for the class of 2023! Such a job well done! We hope our days feel celebrated through our Father's Day cookout. You can follow our Instagram page @kidzstuff_alameda_ for pictures, videos, and upcoming information.

Stompin' like Dinosaurs!

The dinosaurs finally settled in at KidzStuff Alameda, and we're so excited to be a part of their world. This month, our Paleontologist will continue studying the life cycle of dinosaurs, their body types, what they like to eat and their habitats. We will experiment with fossils, while exploring fine arts in nature.

For this investigation, we are asking for the following donations:

- Ivy vines
- Replica dinosaurs
- Toilet paper rolls
- Newspaper

Encourage your child to share what he/she has learned by asking questions like these:

- What is the fiercest dinosaur?
- How many horns does a triceratops have?
- What are some things dinosaurs like to eat?
