FALL DIGITAL NEWSLETTER

“Fall is proof that change is beautiful.”

Exploration, Growth, and Adventure Await!

The 2025/2026 School Year has Begun!

FALL INTO LEARNING FUN!

As the leaves turn and the air gets crisp, we’re embracing everything that fall brings, in nature and in our classrooms.

This school year we have taken our curiosity outdoors on a special adventure. In Circle Forest, our friends Dilly and J.T. Gator went on a hike with Great Auntie to see what they could see! With wide eyes and curious hearts, they discover the beauty of the natural world around them, where there’s so many possibilities to explore, learn, and discover. And now... it’s our turn to investigate!

A brand-new school year is underway, and your child is embarking on an exciting journey filled with learning, discovery, and imagination. Like true investigators we’re exploring important concepts across a wide range of areas:

- Language and Literacy
- Math
- Science
- Social Studies
- Creative Arts
- Physical/Health
- Social-Emotional
- Technology (Preschool)

Our classrooms are guided by the Investigators Club; a lively group of characters who help bring learning to life. Dilly and J.T. Gator, Rosalita Sausalita, Manny Salamander, Chuck Wood, Bruno Buzzbee, and of course, Great Auntie Lu. Your child will learn alongside these friends as they explore new ideas, solve problems, and ask big questions.

Spark open-ended conversations about your child’s action-packed investigations by asking questions like these:

- What did you investigate today?
- How did you investigate it?
- Investigators see, smell, taste, touch and feel to learn about their world, what is one interesting thing you saw today?
- What was your favorite activity in school today?

Together let’s get ready for the great transition from the warmer months to the colder months. This is your friendly reminder to look in your child’s cubby to remove all Spring/Summer clothing and to replace that clothing with Fall/Winter clothing.
